windication of the Administration. It says:

"The democrats have suffered substantial defeat all along the line in the election just had. It is useless to disguise the fact or to ignore it, and it is too early to attempt to outline the reasons for it or learn the leasons which it may be supposed to teach. In the elections of governors and legislatures we have generally held our own. And indeed we have here and there made important gains, as in Massachusetts, New Hampshire, Nebraska and Connecticut, but we lost tremendously, and almost fatally, not only in Michigan, Iowa, Indiana and New Jersey, where the loases were foreshadowed, but in Ohio, Virginia and North Carolina, where we confidently expected to maintain our ground. In Virginia the defeat of the democrats assumes almost the size and form of a revolution. The regulationan have gained in the State more than 10,000 votes, and the democrats have apparently elected only three out of the ten congressmen. In Michigan we have lost four members, returning only three to the republicans eight. Changes there were indeed exnected, but nobody was looking for an earthquake.

Tonic, Alterative and Cathartic, Tonic, Alterative and Cathartic, Slimmons Liver Regulator purely vegetable, is not unplearant to the taste. Last winter was a very severe and cold one for me, but I did not have any return of the rheumatism. Athlophoros has proven a good medicine for me." About a year ago Mrs. McCue had a very severe attack of inflammatory rheumatism, in which the feet and hands were very much swollen, so much so that you could scarcely see one of the ankles, and some of the toe nails were completely covered for many weeks. She had suffered almost the agonies of death. Finally, after resorting to various remedies with no avail, her husband noticed the advertisement of Athlophoros. The result of its use was miraculous; the swelling was son reduced, the pain subdued, and she was again up and around and has not been troubled since.
